ADVERTISEMENT

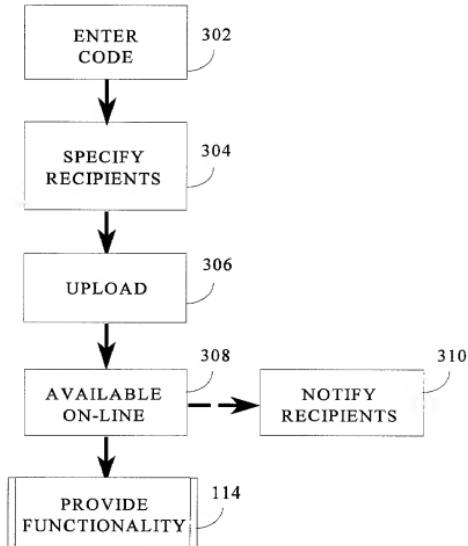

The screenshot shows a web-based application for managing digital content. At the top, there's a navigation bar with links for 'Contacts', 'Manage Account', 'Download', 'Sign Out', 'Enter MultiCode', 'Search', and 'Advanced'. Below the navigation is a search bar with placeholder text 'Business: [Delete | More]'. To the right of the search bar are buttons for 'Selected' and 'File Edit'. A sidebar on the left lists categories: 'Business', 'Consulting', 'Finance', 'Technology', 'WuliWeb Info', and 'All Files'. Each category has a corresponding icon and a numerical value below it: Business (284), Consulting (294), Finance (292), Technology (296), WuliWeb Info (298), and All Files (286). The main content area displays a list of files with columns for 'Source ID', 'Date Ed.', 'Keywords', and 'Content'. There are also checkboxes and buttons for 'Delete' and 'More' next to each file entry. A note at the bottom right of the list says: 'Can't Beat 'Em? Partner with 'Em'.
